PROFESSIONAL SUMMARY

Software Development Engineer with 3+ years in business applications. Primary stack: Java/Spring Boot. Built REST APIs, multi-tenant prospect workflows, mailbox OAuth integrations and an ERP-to-Tally accounting bridge.

PROFESSIONAL EXPERIENCE

Software Development Engineer

Jun 2026 – Present

Invinity India

iProspect | B2B Prospect Intelligence

- Developed Java 21/Spring Boot REST APIs and PostgreSQL persistence for multi-tenant company discovery, contact selection and email outreach.
- Implemented Google/Microsoft mailbox OAuth with single-use authorization state and tenant-bound credentials, allowing customers to connect their own mailboxes.
- Created deduplicated prospect records only after confirmed email delivery and tracked customer replies.
- Wrote JUnit/Mockito tests for OAuth and maintained Maven/GitHub Actions checks, Docker/Azure deployment configuration and Flyway migrations.

ICMS / Smart AHU Platform

- Built telemetry, alarm and reporting APIs over PostgreSQL/TimescaleDB; normalized external sensor readings into AHU tags and investigated missing report data.
- ICMS Client Router: implemented server-side email routing to direct users to the appropriate client workspace.

Software Development Engineer

Nov 2023 – May 2026

Crescent Engineering and Consulting | Navi Mumbai

- Built a Java/Spring Boot bridge translating ERP billing into accounting entries for Tally XML/HTTP posting.
- Implemented debit/credit balance validation, duplicate-request checks and finance review before accounting entries reach the posting agent.
- Developed ERP workflows across five modules and diagnosed API and synchronization failures.

Web Developer

May 2023 – Oct 2023

- Built web interfaces and REST API integrations; promoted to Software Development Engineer within six months.

FREELANCE CLIENT PROJECT

- **Manisha Enterprises:** delivered Java 21/Spring Boot APIs with MongoDB, JWT admin authentication and Cloudinary uploads for a freelance client.
- Built a Next.js/TypeScript website and admin dashboard for products, galleries, videos and customer enquiries.

TECHNICAL SKILLS

Primary stack: Java 21, Spring Boot, Spring Security, Spring Data JPA/Hibernate, REST APIs

Databases: SQL, PostgreSQL, MongoDB, Redis, Flyway

Supporting: Next.js, TypeScript, JavaScript, Node.js/NestJS

Testing & delivery: JUnit, Mockito, Maven, Git, Docker, Azure, GitHub Actions

Currently learning: Microservices architecture and system design fundamentals

EDUCATION & ACHIEVEMENTS

Bachelor of Science in Computer Science

2020 – 2023

University of Mumbai | CGPA: 9.57 / 10

Solved 300+ data structures and algorithms problems on LeetCode using Java.
